Passage 1

Three Kinds of Goals

There are three kinds of goals: short-term, medium-range and long-term goals.

Short-term goals are those that usually deal with current activities, which we can apply on a daily basis. Such goals can be achieved in a week or less, or two weeks, or possibly, months. It should be remembered that just as a building is no stronger than its foundation, long-term goals cannot amount to very much without the achievement of solid short-term goals. Upon completing our short-term goals, we should date the occasion and then add new short-term goals that will build on those that have been completed.

The intermediate goals build on the foundation of the short-term goals. They might deal with just one term of school or the entire school year, or they could even extend for several years. Any time you move a step at a time, you should never allow yourself to become discouraged or overwhelmed. As you complete each step, you will enforce the belief in your ability to grow and succeed. And as your list of completion dates grow, your motivation and desire will increase.

Long-term goals may be related to our dreams of the future. They might cover five years or more. Life is not a static thing. We should never allow a long-term goal to limit us or our course of action.

21. Our long-term goals mean a lot \_\_\_\_\_.

- A. if we cannot reach solid short-term goals
- B. if we complete the short-term goals
- C. if we have dreams of the future

22. New short-term goals are built upon \_\_\_\_\_.

- A. the goals that have been completed
- B. your achievement in a week
- C. current activities

23. When we complete each step of our goals, \_\_\_\_\_.  
A. we will win final success  
B. we are overwhelmed with other activities  
C. we will build up our confidence to achieve success
24. What is the main idea of this passage? \_\_\_\_\_.  
A. Life is a dynamic thing.  
B. We should set up long-term goals.  
C. Different kinds of goals in life.
25. Which of the following statements is wrong according to the passage? \_\_\_\_\_.  
A. Life is a static thing, thus never allowing a short-term goal to limit us.  
B. The long-term goals cannot amount to very much without achieving short-term goals.  
C. The intermediate goals build on the foundation of the short-term goals.
- 26—30 题: 请根据短文内容判断给出的语句是否正确, 正确的写“T”, 错误的写“F”, 并将答案写在答题纸上。

**Passage 2**

**Stop Yelling At Your Kids**

Parenting is hard. If you're a parent, I'm sure that I don't need to tell you that our job is a tough one. When you're managing children, it can be difficult to remember that they are still learning. If you find yourself yelling at your kids more often than you want to, here are some ways that can help you reduce the yelling. I've been working on this for the past few months and I have to say, it's been amazing for both the kids and me.

If you are having an argument with your child, you need to make sure you both take the time to really listen. It gives both of you time to think and really listen to each other, which is important. Kids are more likely to listen to you if you listen to them!

One of your biggest struggles is to remind yourself of appropriate expectations. You can't expect that your youngest acts as responsibly as your oldest. You should lower what you expect - taking into consideration things like their age - it can make a big difference.

You should do your best to take a moment before yelling and take in a deep breath. It

makes a world of difference for you. Instead of yelling, you'd better whisper. It can also help diffuse any situation by making things quieter, not louder. Besides, the more time you spend with your kids, the better you'll get at communicating with them. You're both more likely to understand each other.

If your children aren't listening or it seems they only don't listen to you, you don't take it personally. You should remind yourself that your kids are still learning and they're not going to be perfect.

26. As a parent, you may know that parenting is an easy job. \_\_\_\_\_

27. Listening to each other is a good way to stop argument between parents and their kids. \_\_\_\_\_

28. Usually younger kids behave less responsibly than elder children. \_\_\_\_\_

29. Parents should lower their expectations for their kids. \_\_\_\_\_

30. Both yelling and whispering can help make things quieter. \_\_\_\_\_
